About the Journal

International Journal of Bio Resource Science (IJBS) is an internationally peer-reviewed Journal which is an official publication of Association for Agriculture, Environment and Biotechnology which is a non-profit organization. It encompasses diverse domain namely agriculture, horticulture, environment, forestry, animal husbandry, fisheries, geography, etc. This journal focuses on biomass keeping a strong liaison with a set of multifaceted subjects to understand the continuum in the ecosystem. The journal's aim is to steer and propagate up to date knowledge in all the related areas of bio-resource. The journal publishes original papers, review articles, case studies and other material for the professional in the fundamentals, applications and management of bio-resource. IJBS is striving to provide the best platform for researchers and scholars worldwide to exchange their latest findings. Authors are encouraged to submit complete, unpublished, original works that are not under review in any other journals.

National Academy of Agricultural Sciences (NAAS) Rating: 4.82

The scopes of the journal include, but are not limited to, the following fields:

- Agricultural Science
- Animal Science
- Atmospheric Science
- Bioresources
- Earth Science
- Fisheries
- Food Science
- Plant Sciences
- Pharmaceutical Science
- Rural development
- Waste Management

You can also submit your research manuscript online <https://intbioresourcejr.com/>

Subscription rate for 2025

	INR (₹)	USD
Print	3500	330
Online	1550	200

You can send the demand draft in favor of “**Renu Publishers**” Payable at New Delhi
